Which is how a simple maid came to be queen of this land.

And the hideous beast was transformed into a handsome prince.

And the whole city rejoiced because of that kiss.

The wondrous beast went back to its forest home and they never saw it again.

The potion finally restored his memory.

And that is how they escaped their imprisonment.

But he scorned the princess and asked the poor servant to marry him.

But they never again took any advice from a fairy.

The disobedient sister was punished at long last.

Despite his hideous form, she grew to love him.

She wore the same jewel on the day they were married.

The mirror cracked and all her evil was undone.

So they were married at last and all the kingdom rejoiced.

His broken heart was mended.

The monster was shown to have a kind heart after all.

But he kept it a secret, as he had promised.

The enchanted item saved them all.

Tales of Magical Adventure

In *Once Upon a Time*, players tell a story together using cards that show fairytale elements and endings. Now add more magic to your game with the *Enchanting Tales* expansion. Inspired by enchanted princesses like Cinderella and Snow White, the cards in this set can be shuffled into your deck to add new themes and more variety to your game. For an even stronger magical feel, try removing some of the core game's Story or Ending cards.
