Game Masters Soundpack: Fantasy: Traps

Fantasy: Traps is a collection of 11 sinister traps for you to install into your perilous fantasy campaigns.

Sounds include:

- Room Trap - Stone Walls Compact
  Sealed inside a stone chamber, the walls begin inching closer. One thing is clear–the party is going to be a lot taller.
- Room Trap - Short fall
  A classic trap door leading to a nine foot drop onto a stone floor.
- Room Trap - Short fall into spike pit
  This trap opens above a bunch of spikes...shish kabob anyone?
- Room Trap - Fall into liquid
  This trap starts with a 35 foot drop into a body of liquid. What kind of liquid and what's in it, we leave up to you...say, is that a giant fin???
- Room Trap - Fall into Monster pit
  As if falling 9 feet and landing in a heap wasn't bad enough, now there is a large beastie joining the party for lunch. Ooops! We meant to say 'eating' instead of 'joining.'
- Room Trap - Ceiling collapses
  First you stick them in a dank, dark cave. Second, you seal the tunnel exit. And C, now it appears that the ceiling is coming down! Talk about a lousy afternoon.
- Chest Trap - Acid spray
  The good news is the party just found a treasure chest. The bad news is that runny nose the elf just got is *not* from a cold...
- Floor Trap - Crossbow bolt fired
  A stone pressure plate fires a crossbow bolt into the room. Perfect for temple defense!
- Floor Trap - Multiple Crossbow bolts fired
  The same as above, but with many, many bolts being fired. Just let them try and steal the idol now!
- Trap Trigger - Stone
  Just like it sounds - a stone trigger you can use for any trap you want!
- Trap Trigger - Latch
  Same as the stone trigger, but this time it's a metal latch. Enjoy!
