

Over the past four months, the city of Kiermont has suffered a rash of disappearances, people from all walks of life have gone missing. With the threat of outright war on the horizon, an as-yet young and untried duke seeks outside assistance to find the source of these troubles.

Digging into this mystery, however, could prove dangerous. Moreso than any might suspect. The darkness that dwells at the heart of this plot has done a far graver harm than the duke realizes, and uncovering the truth could prove costly.

Will your characters be able to find the source of that darkness? Or will they be consumed in their attempt to seek out these missing persons? Duke Regan has asked for your aid...will you answer his call and find what was lost?

The second module in the Dark Spiral Quintet, Missing Persons, is an adventure for characters levels 5-6 in the Arcraetia setting.
