London Directory

London Directory

The following directory is a listing of most of the characters you will encounter in the cases. The listing are alphabetical by name and by category. For example Charles Attard is listed alphabetically, Attard Charles, with a location of 12 WC, which is his residence. You will also find Charles Attard listed under the category BARRISTERS with the location 34 EC. This is the location of Attard's law office.

You may, in certain situations, look for clues by using the category listings. For example, you have a case involving poison. You may gather information by visiting the CHEMISTS, the HOSPITALS or any other location that you might found helpful. Try to approach each case as you would a real one. Use the resources of the city, as Holmes did, the people, the newspapers, the libraries. They are all there. It is up to you to take advantage of them.

London Postal Districts

Each location given in the directory corresponds to a point on your map. If you look at your map you will see it is divided into five sections corresponding to the London postal districts (see diagram). You will also find a number of locations in the directory corresponding with district E or S. These locations are not used in the game (they'll be used in an expansion).
